

Personalising your Luxury Album

(Premium Album Collection and Memory Boxes)

Tell your story . . .

Much more than just a collection of photos, we like to use your album to illustrate your individual story.

Images will be arranged and sequenced to tell your tale from beginning to end, documenting either a single session or tracking changes over a series of two or more photoshoots.

When you're ready to order, please arrange an appointment at the studio where we'll walk you through the full process of creating your own bespoke design.

❖ Album Cover

Cover Fabric

Our soft padded covers are available in over 80 different finishes. Pick your colour from either a pastel, bright or earthy palette and choose from a range of leatherette, suede and linen fabrics to find the cover that's perfect for you.

- Swatch books are available to view at the studio so you can touch and feel the samples to find your favourite fabric and colour.

Cover Image

Our luxury albums feature an acrylic cut-out section for your cover photo.

- Choose between either a portrait or a landscape cut-out
- Choose your cover image. We recommend picking an image with colour tones that match your cover fabric.
- Two lines of text can also be added to your cover - we recommend adding name and date.

Album Presentation

Premium Photographic Albums

Our premium albums come in a matching velvet lined slip case, finished in the same fabric as your album cover and featuring two lines of text.

Memory Boxes

The exterior of all memory boxes is finished in the same fabric as your album cover and features name and date.

Both the interior of the memory box and the USB stick are finished with linen fabric in the colour of your choice. Choose the same colour as the exterior or opt for a contrasting shade to make the inside pop.

❖ Colour Scheme / Theme

Our default option for albums consists of plain white pages, but you may also take advantage of our bespoke design service (included in the price) to create something truly unique and personalised.

Let us know about your likes / dislikes plus any colour preferences and we'll design your album accordingly. We have access to hundreds of embellishments, background patterns and colours to create something completely customised to your taste.

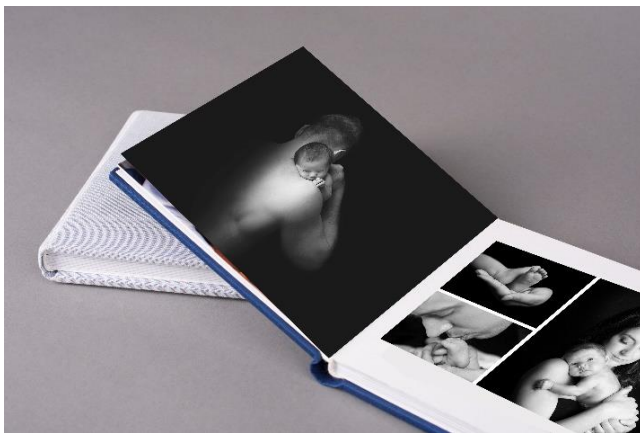

❖ Inside Front Page

- Choose two lines of text (up to 25 characters each) to be laser etched onto the inside front page. This usually includes name and either date of birth, birthday or date of photoshoot.

❖ Photo Pages

As standard, every album contains 20 photo pages. A selection of your photographs will be arranged in a mix of full page images and spreads of 2, 3 or 4 smaller photographs.

A bespoke album design service is included in the price, so simply tell us :

- which photos you'd like to include (or any that you DON'T want included if that's simpler)
- any specific photos that you'd like displayed full page.
- You'll be able to preview your design and request any changes prior to your album going to print.

❖ Extra photo pages

For albums including 40 or more images . . .

We recommend selecting up to 10 images to display full page. If you'd like to include more full page photos, consider adding an extra pair of pages for every 2 additional images.

For albums including more than 40 photos, we suggest adding an extra set of pages for every 7 additional images.

❖ Album Text (Optional)

To make your album really personal, you have the option to add your choice of text alongside your images. This can be anything that you want – song lyrics, nursery rhymes, poems, quotes or a personal message from you to your little one.

You can add as much or as little text as you'd like, but we recommend including no more than 11 pieces (one per pair of pages)

Ideas and Inspiration

The idea of personalising your album is to make it unique to you, so please feel free to write your own personal text and/or incorporate any other ideas you may have. However, if you need a bit of help or inspiration to get started, take a look at the suggestions below.

1. Birth Symbols

Consider adding some personalised text including your child's star sign, birth stone, colour, flower and/or Chinese zodiac animal

2. Lyrics

Is there a song, nursery rhyme or poem that you often sing or recite to your child? How about quoting a couple of lines alongside one of your photographs?

3. Memories

Because you'll continue to look at your album and share it with your children as they grow, it's a lovely idea to include a couple of little reminders to look back on in future years.

- Have we used a personal item in any of your photos? Something someone bought you as a gift, a family heirloom or another personal prop? Consider requesting a line or two of text to accompany those photographs, explaining why you chose to include that item, where it came from or what it means to you.

- Another favourite for newborn and/or birthday albums is a selection of 'on this day' reminders. Use the examples below as a guide, but try to include some elements that have particular meaning for you too eg: sporting events, best-selling books, local or family events etc

On the day that you were born . . .

FAMILY

There's a special kind of happiness
In sharing little things.
The laughter, smiles and quiet talks
That daily living brings.

There's a special kind of comfort
In knowing your family's there.
To back you up, to cheer you up,
To understand and care.

FIRST BIRTHDAY

May the day be filled with laughter
And the parcels full of fun.
May the cards be packed with magic
For a boy/girl who's just turned one.

FIRST BIRTHDAY

Your first birthday . . . a special milestone,
where your age is no longer measured in
days, weeks or even months.

FIRST BIRTHDAY

Each year we'll add another candle
So proud to see you grow.
But always with the memory
Of your first day, 12 months ago

FIRST BIRTHDAY

Covered in cake and icing, your smile
stretched ear to ear.
A single candle celebrates the joy of your
first year

FIRST BIRTHDAY

Watch out world . . . Here I come!

BABY & MUM

Nobody else will ever know the strength
of my love for you.

After all, you're the only one who knows
what my heart sounds like from the inside.

BABY & PARENT

Take my little hand in yours

Teach me wrong from right

Read me bedtime stories

And tuck me in at night

BABY

A new baby is like the beginning of all
things . . . wonder, hope, a dream of
possibilities

BABY

We wish you a lifetime of happiness and
adventure.

We love you more than you could ever
imagine.

BABY

A sweet little treasure
sent from above.

A coo and a smile,
All wrapped up in love

BABY & PARENT / SIBLING

When hands reach out in love/friendship,
hearts are touched with joy.

BABY

We have waited our whole lives to meet
you.

We didn't know what true love was until
you came along.

BABY

Ten tiny fingers that always want to play
That never stop exploring the wonder of
today
Ten tiny fingers that from the very start
Will reach out for tomorrow, but always
hold my heart

BABY

To the world you are just one person, but
to us you are the world.

BABY

Life is filled with lots of things
That make it all worthwhile
But none can beat the love found
In a tiny baby's smile.

BABY

You are what happened when we wished
upon a star.

BABY

You have filled a place in our hearts that
we never knew was empty.

BABY

Your first breath took ours away.

BABY

First we had each other, then we had
you . . . now we have everything.

BABY

We loved you from the very start,
you stole our breath, embraced our
hearts.
Our life together has just begun,
you're part of us, little one.

BABY

You are our every drop of water in the
oceans
Our every grain of sand in the deserts
Our every bit of soil in the land
Our every star in the universe
You are our every heartbeat
You are our life
