

Information Sheet :

Belle Vue Park, Newport

33 Waterloo Road, Newport NP20 4FP

Photoshoot Availability

Appointments may be booked at Belle Vue Park for both mini sessions (20 minutes) and full length (1 hour) photoshoots.

During a full length session I'll guide you around the park for a whole hour, stopping at several beauty spots along the way so that you receive the best range and variety of photos possible.

Mini sessions are time-restricted to 20 minutes meaning that we'll set up and complete your photoshoot in one single area of the park.

The park is open between 6:00am and 4:00pm but photoshoot availability will vary throughout the year depending on natural light conditions.

Location Guide

Pagoda

Tucked away at the top corner of the park, this pagoda is a hidden gem and one of the most photogenic locations available to us anywhere.

The pagoda features stone pillars, a leafy canopy and is surrounded by flower beds.

* Contained within a walled garden the pagoda is also a safe enclosed environment for our more active little ones and the flagstone floor makes it a suitable location even when things are slightly on the damp side.

Grassy Areas

Several grassy areas are dotted around the park, their appearance changing with the seasons.

From lush green lawns to areas of longer grass, seasonal highlights include buttercups, daisies and carpets of Autumn leaves.

Bandstand and Walled Courtyards

The Victorian bandstand and walled courtyards offer tons of character and architectural interest. It's also a safe haven from the rain on drizzly days.

Woodland Adventures

Let's have an adventure! For those kids that just aren't into sitting still for a photograph, there are plenty of areas to explore giving us the opportunity for natural un-posed photography.

These include tracks through wooded sections of the park, fallen logs to clamber over and trees to climb on.

Pathways and Rockeries

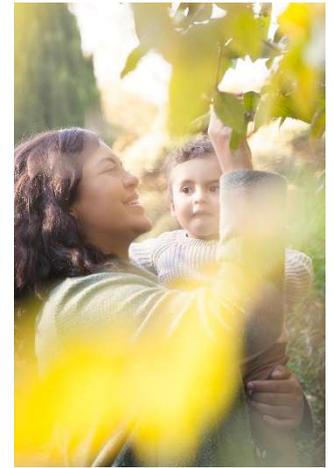

Within a few steps of the carpark, paths start to wind between the grassy slopes leading us deeper into the park.

The uppermost pathway is edged by a supersized rockery featuring foliage, seasonal flowers and plenty of areas to sit or clamber on.

Other Areas

Other highlights within the park include ornate wooden bridges, mature trees and seasonal shows of Daffodils and wild flowers.

Getting There

Belle Vue carpark is located at the Western edge of the park near the Tea Rooms. It's accessed through the Waterloo Rd entrance - just off the junction with Stow Park Ave and Friar's Rd.

Pay for your parking through a Pay & Display machine or by using the ["PayByPhone"](#) app. At the time of writing, parking charges are £1.50 for up to 2 hours.

Meet & Greets

I'll usually arrange to meet you in the carpark and we'll move into the park together from there.

However, due to the size of the park, if I have multiple sessions booked I may not always be able to return to the carpark in between each appointment. On these occasions, I'll give you specific directions on where to meet.

Site Map

As with all our recommended locations, Belle Vue Park is a public space and we need to be respectful to other users of the park. This information sheet illustrates the photo opportunities that we're presented with during a typical session at this venue, however, park maintenance; weather & light conditions and/or public events & activities may limit our access to certain areas on the day.

Information about car parking has been provided to assist you with selecting your photoshoot location and to the best of our knowledge is correct at the time of writing. Parking charges and restrictions may be subject to change and it's your responsibility to ensure that you park safely and legally for your session.

20 minute Mini Sessions

We only have sufficient time to visit one spot within the park during a mini session. Unless requested otherwise, my default choice is usually the pagoda - I honestly believe that it's the most attractive area at any of our recommended locations!

If things run smoothly, the route between the carpark and the pagoda also means that we might squeeze in a few bonus shots on the grass, at the rockery or among the trees as we head back.

Full Length Sessions (1 hour)

Even with a full hour to spend, it's impossible to get all the way around the park and stop at every single location. During your consultation we'll discuss your wish-list of shots and which areas of the park appeal to you the most.

I know Belle Vue Park very well and I'll plan a route for us that includes as many different locations as possible while taking your preferences into account.
